

# Reclaim Our Water

## & I/A OWTS Overview Class

December 11, 2018 8:30 am – 12:30 pm

**Location:** Huntington Town Hall  
100 Main Street  
Huntington, NY 11743

### Description

Innovative and alternative (I/A) technologies are being installed and evaluated in Suffolk County, and we anticipate more active use of these technologies in the future to help protect groundwater and surface waters on Long Island. Learn about the regulatory status of I/A systems in Suffolk County; selecting the proper system for the site; the treatment train process and standards; and wastewater distribution options. We will also teach you about pumps, controls, alarms, and timers; the basic components common to most I/A technologies; media filters; aerobic treatment units; drainfield options; and operation & maintenance. **The County will issue certificates and continuing education credits to Liquid Waste License Holders**

- Please see reverse side for registration form –
