Instructions

All Innovative and Alternative Onsite Wastewater Treatment Systems require registration with the Suffolk County Department of Health Services (SCDHS). Registration shall be deemed the equivalent of a permit, and is for the purpose of certifying the ownership and use of the I/A OWTS, and to provide a mechanism for the Department to manage property owner compliance with Article 19 of the Sanitary Code. This Application for Registration Form WWM-304 should be completed and signed by the owner of the property in which the I/A OWTS has been installed. For further information, call (631)852-5700, email HealthWWM@suffolkcountyny.gov or visit www.suffolkcountyny.gov/Health.

Initial Registration of a Newly Constructed I/A OWTS:

Prior to receiving Final Health Department Approval for an active Residential Permit to Construct, the property owner must submit a completed Application For Registration (Form WWM-304). A fully executed Operation and Maintenance Contract between a properly licensed I/A OWTS Maintenance Provider, and the Property Owner must also be in place and submitted to the SCDHS along with the registration application. Once the Registration Application has been approved, the I/A OWTS registration must be renewed (re-registered) every 36 months.

THE FOLLOWING ITEMS ARE REQUIRED FOR INITIAL REGISTRATION OF THE I/A OWTS:

- A. COMPLETED APPLICATION FORM WWM-304 WITH ORIGINAL SIGNATURE(S). INCLUDE THE CURRENT CONSTRUCTION PERMIT REFERENCE NUMBER.
- B. FULLY EXECUTED AND CURRENT OPERATION AND MAINTENANCE CONTRACT BETWEEN THE CURRENT PROPERTY OWNER AND AN I/A OWTS MAINTENANCE PROVIDER IN POSSESSION OF A VALID SUFFOLK COUNTY LIQUID WASTE LICENSE.

RENEWING (RE-REGISTERING) AN EXISTING I/A OWTS:

Once an I/A OWTS has been registered with the Department, the disposal system must be re-registered every 36 months. Once a Registration Application has been deemed acceptable, the property owner will be provided with a date of registration expiration. A fully executed Operation and Maintenance Contract between a properly licensed I/A OWTS Maintenance Provider and the Property Owner must also be in place and submitted to the SCDHS along with the re-registration application. Within 60 days of application submission, the O&M Provider must also submit a current wastewater effluent sample analysis taken from the I/A OWTS that is being re-registered. The analysis must have been performed no more than 60 days prior to the date of registration application submission.

THE FOLLOWING ITEMS ARE REQUIRED FOR RENEWING (RE-REGISTERING) OF THE I/A OWTS:

- B. FULLY EXECUTED AND CURRENT OPERATION AND MAINTENANCE CONTRACT BETWEEN THE CURRENT PROPERTY OWNER AND AN I/A OWTS MAINTENANCE PROVIDER WITH A VALID SUFFOLK COUNTY LIQUID WASTE LICENSE.

TRANSFER OF A PREVIOUSLY REGISTERED I/A OWTS:
